Class Prophecy

I was commissioned by the Senior Class to write their prophecy. Not knowing where to begin. I hastily constructed a mighty midget futurama prophesying device which I plugged in and sat down for an evening's entertainment.

The machine blurred slightly but when I hit it with the hammer, it quickly came back into focus and the first thing to be seen was the White House, and who was that knocking golf balls off the rear portico, CAROLE BENSON? Carole Benson first lady president? Well, there it was. Next I saw a sign which read Kaiser and inside the building as BILL DOUGHTY behind a desk which was marked Chief Quilting Executive, Kaiser Foil. A dark cave was next on my screen, and a sign above it said, "Home of LAMARR WALKER, Hermit and Woman Hater." We knew he was a woman hater, but a hermit? Next came into view Madison Square Garden where we found Giant GERALDINE ANDERSEN, world famous wrestler managed by RICARDO CAMPBELL. Things changed rapidly and switched to Africa where I saw MARCIA BIRD running around with a bone in her nose, she came here as a missionary! Next to the ski slopes of Austria where I could see PAUL HOMAR in the starting gate for the 1978 Olympics with his coach JIM GUEST close at hand. The Mayo Brothers clinic was next up where CAROLYN TOMICH was preparing for an operation as head plastic surgeon. Also working in the clinic were WAYNE RANSOM and LARRY PASTOR doing some research on the ameba. The screen now switched to Jackson where I saw TED ROMEY lecturing to his International Affairs Class on the rise and fall of the Volkswagen, where had I heard that before? MIKE WARDELL was found as janitor in the boiler room and it may be noticed that his ring finger is missing due to abuse during his Senior year. In the gym we see JIM JACOBSON naturally coaching basketball, but who were those two men in the corner? VERN SHINKLE, head of North Central Accreditation Bureau was talking to HENRY TOMINGAS about his English Class. The Mark Hellinger Theatre in New York was next up, where LAWANNA SIMONS was found as head of the prop department. It switched to the circus where JANEAL NELSON was employed as the Bearded Lady. I then dialed Los Angeles where SHARON McLAREN was employed by Bell Telephone as their busy signal, I guess nature will never be replaced. In the Kinsey Laboratory I saw JOANNE KENT who was acting as their Statistical expert with CHARLIE PARSONS close by as the head of the Dale Carnegie course. Hollywood Park Race Track was next up where we see the famous jockey MIKE BRIERLEY had been thrown due to a faulty safety belt. CARYN FEUZ was nearby acting as editor for True, The Man's Magazine. BLAINE DESPAIN was following his high school hobby of flagpole sitting as he went into his fortieth day. MINNIE PRICE was manager of the New York Yankees as shown on my screen and BETTY LANDON was employed as the teams private barber. MARY LEE was having fun licking stamps for Arthur J. Summerfield and I noticed that MARY WELLS showed up on the FBI's ten most wanted men list. SANDRA HAYNIE was running a nursery and she had started out to have only two children. RON WADDINGTON had been hired to serenade these children with his trumpet, and was doing a lousy job. BILL BOWLSBY was happily employed testing cap guns for the Acme Cap Gun Corp. NANCY PERRINE and Bill had tried marriage but it didn't work because Nancy had been sent up in a satellite for ten years. BEVERLY ROBERTSON was employed as a silent film star and PAULINE NELSON was very happy as a climbing guide.
